ANNOUNCEMENT.
We are authorized to announce
BUCKNER LEAVELL
candidate for the office of Treasurer of the Kentucky State Association of the Kentucky State Association.
Robert Bonnin, of McCracken county, the Dupree, of Christian county, the Duff, of Henderson, and the Asylum, during March.

The *Standard Interior Journal* announces the suggestion that Gen. Jacob C. Bledsoe be made one of the delegates at large to the Chicago Convention.

The Democratic nomination in the Tenth district was won by Jos. M. Kennell, a son of the deceased Gov. Kennell. He is a young lawyer, something over 30 years of age.

It is true that Harry Sumner is going to California to escape the oratorical duties devolving upon the President of the Kentucky Press Association, who is not a friend of the Vice President.

Sir Edward Watkins, Bart. and M. P., aged 72 and Mrs. Ingram married a widow worth \$500,000, were married in London, Wednesday, to the infant daughter of the old lady's prospective heirs.

It is reported that a deal will soon be made by which Mr. Walter P. Emerson, one of the brightest young men on the Louisville Times, will take charge of the *Standard* and the weekly paper, the *Russellville Ledger*.

Mayor Frank Pate, of Greenville, Mississippi, committed suicide last week while on a visit to Clarksville, Tennessee. He doubtless selected Clarksville as a place for his suicide, because it would leave the world less regret than from any other spot on God's footstool.

Hugh Mullendell, late postmaster at Paducah, was tried in the Federal court last Wednesday and found guilty of grand larceny. The penalty is to be paid by the Government for one to five years in the penitentiary. There are two other indictments against him.

The Republicans captured Evansville in the city election last Monday, electing Hawkins Mayor by 1,200 majority. Goodie, the Independent nominee, proved to be a crank for the party. A very light vote was polled. The city had been Democratic for three years.

Gov. Brown signed the McCain tobacco bill Tuesday. As it passed without an emergency clause, it will not take effect until next session, after the adjournment of the present session. Having begun their invasion of private rights, let the great minds of the General Assembly now be turned to the question of prohibiting a man from kissing his wife often more than three times a week.

Although the triumph of the McCreary faction was claimed by 1,700 votes, from the unofficial returns, the returning board has canvassed the figures of the recent primary election in Louisiana and declared the Foster ticket elected. The McCreary faction has refused to submit, but will stay on the track. The election campaign has lasted about two weeks and this split may defeat the Democratic party.

The World's Fair bill appropriating \$100,000 was up for discussion in the House Wednesday and only three members opposed the measure. Those were Pettit, Bledsoe, and Mr. McKim. Mr. Chandler, Sec. of the fair, said that he might also be kept well enough to mind that your constituents want Kentucky represented and well represented at the World's Fair.

Our Frankfort correspondent in his letter today says some pleasant things about Judge Cook, of Calverton, who is a candidate for Circuit Judge in the proposed new district. It is said that Judge Jos. R. Grace will also be a candidate against him and that two entries will probably come up the race. Judge Grace though only 58 years of age, has been circuit judge for 24 years and there is not an older jurist on the bench of any court in Kentucky.

There was a prospect of a lively contest in Christian county between the friends of Charlie Meschan and Oliver Bell as to which of these gentlemen should be endorsed for district delegate. A conference, however, has brought about a satisfactory understanding and Mr. Bell's name will not be presented. Our information now is that Christian will endorse Meschan and Miller for delegate. One day may see the same thing, or rather Miller and Meschan. And with those also young Democrats as its delegates, the Second district will be duly represented at Chicago.—Oreosides Messenger.

Thayer has been knocked out again more in Nebraska. It takes a Supreme Court decision about every 30 days to keep this usurper squelched.

The *Courier-Journal* is no longer the influential power of public opinion it used to be. Last year it began a vigorous warfare on the new constitution but utterly failed to carry the masses with it and finally threw the struggle and withdrew all opposition to the new instrument. This year a still worse failure has been made by the *Courier-Journal* in its efforts to organize public opinion against the nomination of Cleveland. About one more double headed editorial against Grover would suffice to leave Mr. Watterson at home when the Kentucky delegation is made up.

A Frankfort Special says: "It developed here to-day through a gentleman in this city on the closest terms of intimacy with Hon. John G. Carlisle, that the Trevelyan case, decided by the Court of Appeals Saturday, in which the heirs of Robert Wickliffe won the suit involving the \$220,000 Mr. Carlisle had a contract with Gen. Draper, of New Jersey, who married one of the heirs, by which, if the suit was won, Mr. Carlisle was to receive \$25,000 to represent the interests of Gen. Draper's wife. Mr. Carlisle's intimate friend said, did not even have to go into an exhaustive study of the case, but made his argument before the Court of Appeals from the briefs in the case filed by Judge Alexander Humphrey and Mr. George Davis, Attorneys for two of the heirs. To do this, required Mr. Carlisle's presence in Frankfort five days, at an earning of \$5,000 a day—a fee perhaps greater than any other attorney ever earned."

LEGISLATIVE.
Five new bills were introduced in the House Tuesday as follows:
H. B. 186. Mr. Pettit—To regulate the liability of insurance companies in this State in certain cases. Insurance.
H. B. 187. Mr. Gay—To promote public school interests in the city of Henderson. Education.
H. B. 188. Mr. Peak—To prevent tobacco warehouses, corporations or individuals from combining together for the purpose of restricting, or in any way interfering with free and unrestricted buying or purchase of tobacco in this Commonwealth. Agriculture and Manufacture.
H. B. 189. Mr. Chandler—To amend section 3 of an act entitled "An act to amend the charter of the town of Paducah, in Christian county," approved April 18 1890. Municipalities.
H. B. 190. Mr. Bailey—In relation to the penitentiary. State Prisons and House of Reform.

The Senate is making some progress on the Election law, submitted by the Revision Commission.

A BOOMING SALE.
Over Four Hundred Hogheads of the West Sold This Week.

Our sales for the week ending yesterday amounted to about 400 hogs. This is the largest sale that we have had this season. The market opened very strong and active and continued throughout the entire sale, there being but very few rejections. The chief offerings were low and large. Prices were entirely satisfactory to both buyer and seller, and sellers parted freely with their goods. It is estimated that the greater part of the crop will now be sold as fast as it is received. Very little tobacco was offered, but that placed upon the market went off at good prices. Receipts are now on a more liberal scale and are daily increasing and as a consequence our sales are increasing proportionately. Following are quotations fairly represent our market this week:

DEFENSE CAN BE CURED
by local applications, as they cannot reach the system by the use of medicine, and that is by constitutional means. The disease is caused by an inflamed condition of the mucous lining of the Kieferstube. When this tube is inflamed you have a running nose or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.
J. C. CHERRY & Co., Toledo, O.
Sold by druggists &c.

Even the Osmundore Inquirer is watching perceptibly in its opposition to Cleveland.

FROM THE CAPITOL.

Frankfort, April 8th.—You can best appreciate on all sides about the small amount of work done by this Legislature, and the people have a right to complain, for it has been done. There are a few bills in the House that have taken up the idea that unless they exert themselves, Kentucky is lost, and the truth is that they are the very ones that are hindering needed legislation. Right here I want to say that the young men of the House deserve much praise for their efforts to enact such laws as the people are generally all over the State. Some of those deserving especial mention are Harvey Myers, Tony Carroll, the Quingley, Posey Ball, Rollis Hall and Emmet Dixon.

DEATHS.

CAMPBELL—Mr. James B. Campbell, a young man reared near Bowling Springs, Texas county, and educated in this city, died at his home in Fresno, Cal., March 30. The internment took place at the same place. April 1. The funeral services being conducted by Rev. Mr. Martin of the Christian church.

Mr. Campbell is well remembered in this city, where he attended school for the last half of the twenties. He was about 22 years of age and was a son of Mr. T. G. Campbell, of Bowling Springs. He went west about ten years ago and studied law with his uncle, Judge James Campbell, of Fresno. He was for some years city editor of the Fresno Daily Examiner, but gave up this position some months ago on account of ill health.

Mr. Campbell was a young man of the noblest impulses and the happiest of dispositions. He looked upon the bright side of life and his lovely manner made him a general favorite at school, in the social circle and in the busy walks of life. He had a bright mind and his intellectual strength manifested itself early in life and he entered upon his chosen profession with high hopes of success. He was a fluent speaker and an orator of no mean ability, but the law was devoted to him and he drifted into journalism, a profession more congenial, but more laborious and exacting in his duties. Never strong in body, his constitution gave way and during the spring he succumbed to the threshold of a promising manhood.

His friends in this section will learn with deep regret of his untimely end. A bright, a noble-hearted and lovable young man has fallen. Mr. Campbell leaves a wife but no children.

PARSONS—Dr. G. M. Parsons, of Clarksville, died Tuesday night of consumption, aged 70 years. He was wealthy and leaves a wife but no children.

COLEMAN—Ben Bowling died near Sinking Fork, of consumption, April 20 years.

Holt, Brown, son of Judge M. D. Brown, died yesterday morning from cholera. He has been for the past year in the New England Conservatory of Music in the piano tuning department. He will engage in piano tuning during the spring and summer. Orders left at city court room will receive prompt attention from parties visiting their places tuned.

Mrs. Layne's stock in the selection of a millinery shop is seldom equalled, as is proven by the large patronage she receives daily, and on this occasion she will strive particularly hard to please even the most fastidious. All the ladies are invited to be present on this day and examine and feast their eyes on the gorgeous display.

A meeting of much importance to South Kentucky College was held in this city some days ago. It was attended by a number of the leading men of the Christian church who are interested in the success of the school. The outcome of the meeting was that it was determined to raise the debt of the College and enough money to put it on a solid and prosperous footing. The amount required was subscribed then and there.

The Council made another attempt to do something about water works Wednesday night. There was the usual speech-making followed by the usual heavy rain and an adjournment without any decisive action being taken.

Speaking of the agitation of this subject here the Henderson Observer says:—"Hoptonville is amply able to own her own water works and, with light system and electric, supplying the other quarters with that and in view. She should profit by Henderson's experience. Keep a close eye on private corporations and be careful to make no mistake. In a city of Hopkinsville's importance it will be a matter of few years when both enterprises would be not only self sustaining, but be made to create a sinking fund to retire the bonds. Any other course will be as surely regretted as that it is entered into."
